### Selection Chart

The chart present will be helpful in selecting the type of suitable fabric with coated polymer in order to help customers for choosing the correct fabric for use.

Polymer coating with fabric	Market End	Use
Natural Rubber with Cotton fabric	Apparel	Rain Wear
Natural Rubber with Cotton fabric	Military	Survival Suits
Neoprene with Nylon 66 fabric	Military	Life Jackets
Neoprene with Polyester fabric	Chemical	Anti Splash
Neoprene with Polyester fabric	Protection	Suits
Neoprene with Polyester fabric	Fire-Fighting	Clothing
Neoprene with Nylon fabric	Military	Military
Neoprene with Nylon fabric	Military	Applications
Neoprene with Nylon fabric	Military	Anti Gravity
Neoprene with Nylon fabric	Military	Suits
Neoprene with Nylon fabric	Military	Helipad & Helipad repair kit.
Neoprene with Nylon fabric	Military	Don Rescue Suits
Butyl with Nylon fabric	Inflatable Products	Life Rafts
Butyl with Nylon fabric	Inflatable Products	Life Jackets
Butyl with Nylon fabric	Dry Suit Manufacturers	Trilaminate
Butyl with Nylon fabric	Dry Suit Manufacturers	Dry Suits
Butyl with Nylon fabric	Dry Suit Manufacturers	For Divers
Butyl with Poly Cotton fabric	Bag	Luggage

**Mentioned colors are available for ZRF coated fabric. Customized colors are also available as per demand.**

1. Chief Quality Assurance Esst. approved Fabrics
2. Safety & survival devices available
3. Bellows for protection and air movements
4. Collapsible fuel & water tanks
5. Reinforcing & bias tapes
6. Useful in manufacturing of fabrics for storage, buoyancy fabrics and transportation containers

## COATED FABRICS

7. Viton (FKM) fabrics for protection against chemicals, Silicon Fiber Glass Fabrics for high temperature application and Fire Retardant Fabric for the manufacturing of vestibules
